

Webinar GeoUS

We are pleased to announce that our team has launched regular on-line courses – **Webinars** within project **GeoUS** (Geothermal Energy in Special Underground Structures). The webinars on various topics will be led by **Fraunhofer institute** and **University of Vaasa**. They will take place regularly for the two following years. For more information and updates, please visit our website.

The third webinar will take place on 15th December 2020 at 14:00.

The webinar will be led by Dipl.-Ing. Dieter Weise and his colleague from Fraunhofer Institute.

Webinar agenda:

- Introduction
- Personal branding in the context of leadership competence
- Group work in teams of two
- Presentation and discussion of selected group work
- Summary
