

Webinar GeoUS

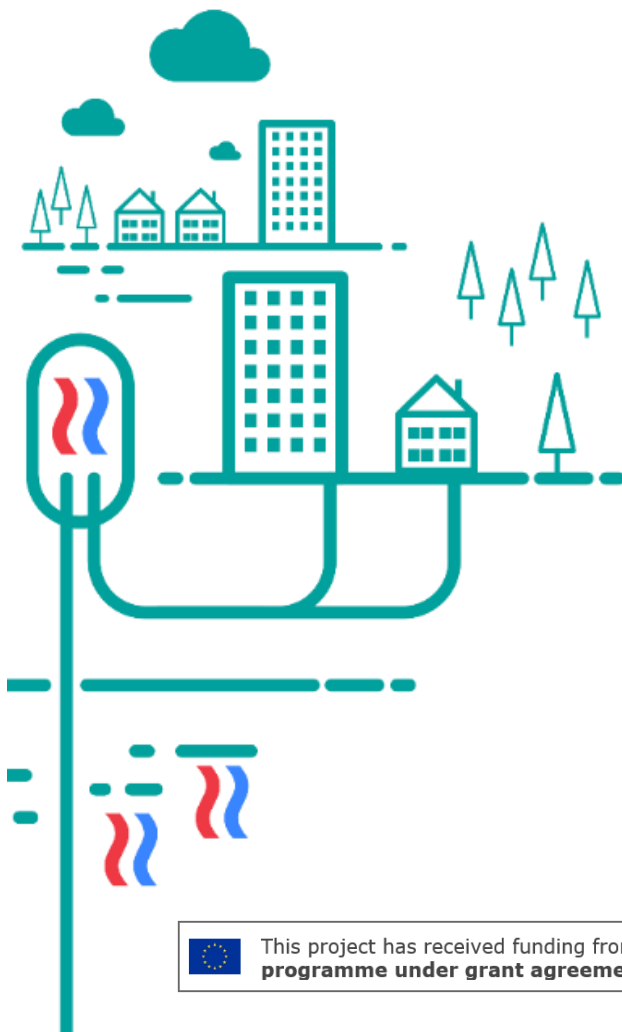

We are pleased to announce that our team has launched another Webinar within project GeoUS (Geothermal Energy in Special Underground Structures). The webinar will take place on Thursday 21th April 2022. The webinar on topic "Ethics and Equality" will be led by Tommi Lehtonen - the Director of Responsibility and Ethics at the University of Vaasa, Finland.

"Ethics and Equality"

Date: 21 th April 2022

Time: 12:15-15:00

This lecture will discuss the fundamentals of ethics, proceeding to specific questions about sustainable development, equality and the ethics of science. The idea is to help you reflect on relevant ethical aspects in your life and work.

Content includes:

1. What is ethics? And what does ethics mean to you?
2. Roots of ethics
3. Ethics can give several answers
4. Are ethical statements objectively true?
5. Models of morality
6. Ethics and sustainability
7. Ethics of sufficiency
8. Equality and sufficiency
9. Ethics of science
